**5855 Riverside Drive**

**St. Andrews Presbyterian Church**

## SITE PLAN ANALYSIS

The site plan submitted depicts a two-story, 25,000 square foot church building at the center of the subject property. The applicant is proposing to use a 10,000 square foot portion of the existing building for a foreign language school for children and adults with a preschool/kindergarten component. The plan includes one (1) driveway at the west side of the property from Riverside Drive.

## PARKING AND TRAFFIC IMPACT ANALYSIS

The applicant indicates the site to be accessed by the existing curb cut along Riverside Drive. Section 18.2.1, *Basic Off-Street Parking Requirements*, requires 10 parking spaces per classroom for the special school (6 classrooms) and 3.5 parking spaces per fixed seat for church uses (190 seats). At a minimum the site is required to have a total of 115 parking spaces to accommodate the proposed development. The applicant is proposing the site to be served by a total of 132 parking spaces.

## LANDSCAPE PLAN ANALYSIS

The applicant has provided the following required landscape strips and buffers on the site plan:

- Ten (10) foot landscape strip along the north property line abutting I-285
- Twenty (20) foot landscape strip along the west property line abutting Riverside Drive
- Twenty-five (25) foot buffer and ten (10) foot improvement setback along the south property line adjacent to residentially zoned property
- Fifty (50) foot buffer and ten (10) foot improvement setback along the east property line adjacent to residentially zoned property

## ENVIRONMENTAL SITE ANALYSIS

The Environmental Site Analysis Report is sufficient and satisfies the requirements of the Sandy Springs Zoning Ordinance. The site does not contain any known wetlands, streams, steep slopes, sensitive plants and/or protected animal species, or archaeological/historical sites. The site is not located within any floodplains.

## PUBLIC INVOLVEMENT

### Required Meetings

The applicant attended the following required meetings:

- Community Zoning Information Meeting held April 24, 2007 at the Sandy Springs City Hall
- Community/Developer Resolution Meeting held May 31, 2007 at the Sandy Springs City Hall

### Public Comments

Residents of the surrounding neighborhood were not in opposition to the use, but raised the following concerns with regard to the property:

- Possibility of portable classrooms
- Loitering in parking lot

### Notice Requirements

The petition was advertised in the Daily Report on June 14, 2007 and June 28, 2007. The applicant posted a sign issued by the Department of Community Development along the frontage of Riverside Drive on May 4, 2007.

### Public Participation Plan and Report

The applicant has met the Public Participation Plan requirements. The applicant will be required to submit the Public Participation Report seven (7) days prior to the Mayor and City Council Hearing on July 17, 2007, 2007. The Public Participation Report must be submitted on or before July 10, 2007.

## USE PERMIT CONSIDERATIONS

The applicant is requesting a use permit to allow for the development of a 12,077 square foot special elementary school with a daycare (Section 19.4.40, *School, Private or Special*).

Per Article 19.2.4, *Use Permit Considerations*, the City Council shall consider each of the following:

A. *Whether the proposed use is consistent with the Comprehensive Land Use Plan and/or Economic Development Revitalization plans adopted by the City Council;*

Finding: The applicant is proposing to use a 10,000 square foot portion of the existing building for a foreign language school for children and adults with a preschool/kindergarten component. The staff is of the opinion that the proposal is consistent with the Future Land Use Map, which designates the property as Community Facility (CF). The CF land use designation recommends uses such as government, public safety, recreation, park, hospital, healthcare, library, and cultural facilities. Both the church and school use would be classified under the community facility designation.

B. *Compatibility with land uses and zoning districts in the vicinity of the property for which the Use Permit is proposed;*

Finding: The staff is of the opinion that the proposed church and school uses are suitable in view of the existing character of the surrounding neighborhood and the proximity of the subject property to I-285. Therefore, based on these reasons the staff recommends APPROVAL CONDITIONAL of the use permit request.

C. *Whether the proposed use may violate local, state and/or federal statutes, ordinances or regulations governing land development;*

Finding: The staff is of the opinion that the proposed use would not violate any local, state, and/or

federal statutes, ordinances, or regulations.

*D. The effect of the proposed use on traffic flow, vehicular and pedestrian, along adjoining streets;*

Finding: The staff anticipates that the proposal will have some impact on the surrounding transportation system, which is already strained by current traffic patterns at the Riverside Drive/I-285 interchange.

*E. The location and number of off-street parking spaces;*

Finding: The applicant is required to provide 115 parking spaces and has provided 132 parking spaces to serve the site in a surface parking lot at the front of the site.

*F. The amount and location of open space;*

Finding: The applicant has provided the following required landscape strips and buffers on the site plan:

- Ten (10) foot landscape strip along the north property line abutting I-285
- Twenty (20) foot landscape strip along the west property line abutting Riverside Drive
- Twenty-five (25) foot buffer and ten (10) foot improvement setback along the south property line adjacent to residentially zoned property
- Fifty (50) foot buffer and ten (10) foot improvement setback along the east property line adjacent to residentially zoned property

*G. Protective screening;*

Finding: The applicant has provided all landscaping and buffers as required by the Zoning Ordinance, including a twenty-five (25) buffer along the south property line and a fifty (50) foot buffer along the east property line adjacent to residentially zoned property.

*H. Hours and manner of operation;*

Finding: The applicant has indicated hours of operation for the preschool/kindergarten component as 9:00 a.m. to 1:00 p.m. and 1:30 p.m. to 5:00 p.m. for the foreign language school.

*I. Outdoor lighting; and*

Finding: The applicant has indicated that the existing outdoor lighting on the site will be maintained.

*J. Ingress and egress to the property.*

Finding: The applicant proposes to maintain the existing curb cut for the site along Riverside Drive.

### CONCLUSION TO FINDINGS

It is the opinion of the staff that the proposed foreign language school use is suitable in view of the existing character of the surrounding neighborhood and the subject property's proximity to I-285. Additionally, the proposal meets the recommended designation as set forth by the Future Land Use Map. Therefore, based on these reasons, the staff recommends APPROVAL CONDITIONAL of the use permit petition for a foreign language school with a preschool/kindergarten component.

**STAFF RECOMMENDED CONDITIONS**

The staff recommends **APPROVAL CONDITIONAL** of the use permit to allow for 10,000 square feet of the existing 25,000 square foot church building to be used for a foreign language school with a preschool/kindergarten component. Where these conditions conflict with the stipulations and offerings contained in the Letter of Intent, these conditions shall supersede unless specifically stipulated by the Mayor and City Council.

1. To the owner's agreement to restrict the use of the subject property as follows:
  - a. A foreign language school with a preschool/kindergarten component at a maximum density of 985.92 square feet per acre or 10,000 square feet, whichever is less.
  - b. To a maximum of 60 students.
  - c. The hours of operation shall be limited to 9:00 a.m. to 5:00 p.m.
2. To the owner's agreement to abide by the following:
  - a. To the site plan received by the Department of Community Development dated April 3, 2007. Said site plan is conceptual only and must meet or exceed the requirements of the Zoning Ordinance and these conditions prior to the approval of a Land Disturbance Permit. Unless otherwise noted herein, compliance with all conditions shall be in place prior to the issuance of a Certificate of Occupancy.
  - b. The owner/developer shall submit an approved state operating license to the Department of Community Development prior to the issuance of a Certificate of Occupancy for the preschool use.
3. To the owner's agreement to provide the following site development standards:
  - a. The owner/developer shall dedicate thirty (30) feet of right-of-way from centerline of Riverside Drive along the entire property frontage or ten and one-half (10.5) feet from back of curb, whichever is greater, to the City of Sandy Springs.
  - b. The light source of all external lighting in the development shall be screened and shall not be directly visible from adjoining residential properties.

## RECEIVED

City of Sandy Springs  
**Letter of Intent** Community Development

This letter expresses our intent to receive an User Permit to be able to use the existing classroom space of St. Andrews Presbyterian Church to develop a Preschool Program.

Tabula Rasa The Language Academy will rent classroom space from St. Andrews Presbyterian Church in order to start a foreign language program for children.

The area of the church with classrooms is around 10,000 sf - seven classrooms and two offices as well as storage space, all in the same building. All those rooms are already being used for Sunday school. There has been a day care in the building before using the same classes we are planning to use, they left around five years ago (grew out of space). All rooms have restrooms inside, they are all child proof.

We will start with 60 children daily, with a staff of around 10 teachers. It is a preschool/school/foreign language type program; the hours are 9am-1pm in the morning for preschool/kindergarten children and some afternoon classes (1.30-4.30 or 3.30-5pm) for older children.

The program will start August 13th, 2007 (with teachers starting working August 1st). We are taking registrations now.

There are already two playgrounds in the Church. We have had people from the Department of Education come to see the space and we already have the permit from them to use the space for the children's program.

We are not requesting any variance or change in the existing structure.

## User Permit Consideration

### City of Sandy Springs Community Development

#### 1. Conformance with the Comprehensive Plan

St. Andrews Presbyterian Church is currently zoned R-1. It sits in around 10 acres of land.

The future land use is Community Use, which includes churches, schools and other similar institutions.

St. Andrews Presbyterian Church will be leasing its existing space on August 2007 (currently used for Sunday school) to Tabula Rasa The Language Academy for a Preschool Program. This user permit calls for no changes or additions to the existing Church building. Tabula Rasa The Language Academy will be using during the week the existing classrooms that are currently used for Sunday School.

#### 2. Compatibility with land uses and zoning districts

St. Andrews Presbyterian Church is already using the existing space for the Sunday school.

The future plan use is Community Use, which includes churches and/or schools.

#### 3. State and/or Federal statuses or ordinances

To our best knowledge, there is no violation of the local, state and/or federal statuses ordinances or regulations governing land development.

#### 4. The effect of proposed use on traffic flow

The User Permit proposal does not imply any excessive or burdensome use of existing streets, transportation facilities or utilities. All above are already in place and are underused with the current use. The existing parking lot makes it possible for the parents to park simultaneously without interruption or creating problems for the traffic flow in the surrounding roads (Riverside Dr). Furthermore there are plans for a future carpool.

#### 5. Parking

The off-street parking spaces are located in the front of the building. There are 126 parking spaces and 6 handicap parking spaces. The parking is located more than 50 feet far from the residential properties surrounding the Church.

#### 6. Playground

There are three existing playground on the Church's property: two of them in very good conditions. Those two playgrounds will be used from the preschool. There is no need for new playground space. All those playgrounds are more than 100 feet far from the residential properties surrounding the Church.

#### 7. Protective screening

The existing Church building, the existing parking lot and the existing playgrounds respect the buffers required by law. All land improvement meets the 50' buffer and 10' set back from the residential properties surrounding the Church.

**8. Hours and Manner of Operation**

Tabula Rasa The Language Academy plans to operate a Mothers Morning Out/Preschool Program in the morning hours (9am-1pm), with morning carpool starting at 8:45am and afternoon carpool starting at 12:45pm. Foreign Language classes will be offered in the afternoons, between the hours of 1:30pm to 5pm. No carpool will be needed for the afternoon classes due to the small amount of students attending those classes.

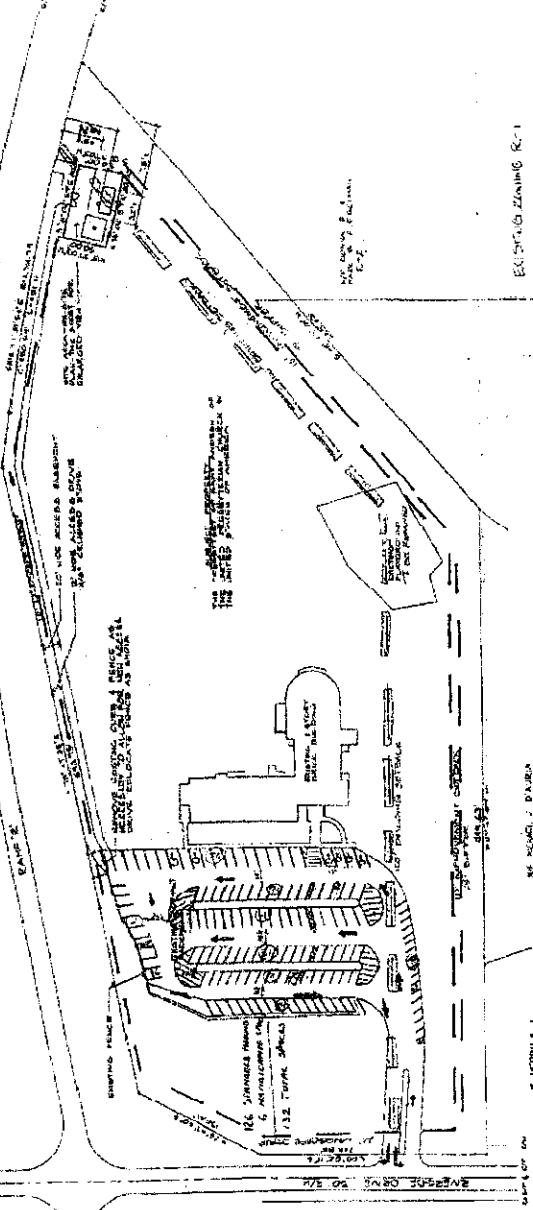

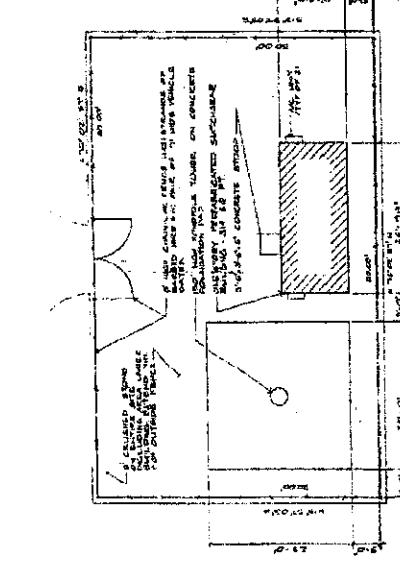

The Academy will be using seven classrooms, with a maximum capacity of 80 students attending the morning program, and around 20 students attending one of the afternoon classes offered.

**8. Outdoor Lighting**

St. Andrews Presbyterian Church and Tabula Rasa The Language Academy will maintain the existing outdoor lighting of the church.

**9. Ingress and egress to the property**

The ingress and egress to the property is on Riverside Dr, in two lane driveway. Student drop-off and vehicular turn-around space will be provided through the carpool, so the vehicles may re-enter Riverside Dr in a forward manner. The daily capacity of the traffic will be between 50 to 80 cars. The parking lot includes 132 parking spaces from which 6 handicap parking spaces.

Re: Memorandum dated April 17, 2007  
Preliminary Zoning Agenda

Dear Mr. Zehner:

A review conducted by the Emergency Services Department staff revealed the following:

1. If zoning petitions are approved, there will be an increase in E9-1-1 call volume. The increase may negatively affect the department's call answering speed and service level.
2. Increased traffic volume without road improvements may increase response time of emergency response vehicles thereby reducing effective delivery of emergency services.
3. Addressing of all proposed properties identified within the petitions should comply with the City of Sandy Springs' addressing standards or Fulton County's Addressing Standards to reduce the likelihood of delay in response time.

If I can assist you further in this matter, please contact me at 404-730-7900.

Dear Mr. Zehner:

I am in receipt of your recent zoning package soliciting comments on the upcoming City of Sandy Springs zoning agenda for the June Planning Commission, July Mayor and City Council Meetings. I have reviewed all items within the package and find none of them to have a significant impact on Unincorporated Fulton County. Thank you for the opportunity to review the requests.

If you would please update your distribution list to reflect Angela Parker as Acting Director of Environment and community Development as well as Director of Public Works and place my name on the list in lieu of Terry Todd it will assure your request for comments gets to the appropriate individuals in a timely manner.

RE: June 21, 2007 Zoning Review Board Meeting

Dear Mr. Zehner

The Office of Urban Design, Georgia Department of Transportation (GDOT) has reviewed the preliminary zoning agenda received by us on April 20 2007. The information in this letter is provided as a tool to assist the City in the zoning review process. The information below is not intended to express approval, rejection, or any other opinion of the applicant's request.

We offer the following comments on the cases to be heard at this meeting.

## Community / Developer Meeting:

We are out of town for the date of this meeting. It is interesting that the Church of St. Andrew now seeks to host a school when <sup>non-profit, church-sponsored</sup> **RECEIVED** a community, much-needed <sup>non-profit, church-sponsored</sup> Child Care Center was closed because the church no longer wanted <sup>to host</sup> it.

City of Sandy Springs  
Community Development

I do not object to a language academy <sup>school</sup> operating a "for profit" language <sup>church</sup> in the existing <sup>church</sup> facility. However, I do object to any portable units (i.e., "trailers") being placed on the church grounds.

Also, I understand that expansion at the church facility will generate a greater number of cars using Riverside Drive at the height of the rush hour. We, on Fair Oaks Manor, currently have a problem with cars exiting I 285 headed north on Riverside. These drivers turn south on Riverside and use Fair Oaks Manor wantonly to turn around and head north. These cars, also, mistakenly use our lawns as part of their U-turning radius and cause rutting and tire track damage to lawns. I believe that the Church or the School is considering a gate on their driveway, and this will add to our problem on Riverside and Fair Oaks Manor - as well as Foxridge.

I called the Rev. Troy Brounsink and asked him to call me. Thus far, I have had no response. I point out that his use of the word "it is," referring to the school's use

Agenda Item: U07-005 5855 Riverside Drive, Request use permit to allow for 10,000 square feet of the existing 25,000 square foot church building to be used for a foreign language school with a preschool/kindergarten component

***CMO (City Manager's Office) Recommendation:***

APPROVAL CONDITIONAL of the request for a use permit to allow for 10,000 square feet of the existing 25,000 square foot church building to be used for a foreign language school with a preschool/kindergarten component (Section 19.4.40, *School, Private or Special*). The proposed school will serve a maximum of 60 students in 6 existing classrooms.

***Background:***

The site is located on the east side of Riverside Drive, at the south intersection with I-285. The subject property is zoned R-1 (Single Family Dwelling District) and is currently developed with a 25,000 square foot church.

***Discussion:***

The site plan submitted depicts a two-story, 25,000 square foot church building at the center of the subject property. The applicant is proposing to use a 10,000 square foot portion of the existing building for a foreign language school for children and adults with a preschool/kindergarten component. The plan includes one (1) driveway at the west side of the property from Riverside Drive.

Agenda Item: SCRIVENER'S ERROR U09-001/U09-002/U09-007 5855 Riverside Drive, St. Andrew's Presbyterian Church and Tabula Rasa Language Academy

***CMO (City Manager's Office) Recommendation:***

**APPROVAL** of a revision to the conditions of U09-001/U09-002/U09-007 5855 Riverside Drive, approved by the City of Sandy Springs Mayor and City Council.

***Background:***

The Mayor and City Council approved the use permit petitions to add a 2,000 square foot addition to the existing church, to expand enrollment in the existing private school, and to establish a day care facility on the site at the July 21, 2009 hearing, subject to conditions.

***Discussion:***

Condition 1.g. addressed comments from the Fulton County Department of Health and Wellness relating to the capacity of the septic system located on the subject property. Based on the existing septic system, the Department of Health and Wellness provided a limitation on the number of staff and students that could be present on the site at any given time.

Staff's condition, as presented, limited the school enrollment on the property in the aggregate, not allowing for the maximum number of students on any day of the week. This would limit the school to a maximum enrollment of 118 students, while the Department of Health and Wellness's intent was to allow for a maximum of 118 students on site at any one time. As such, the school could have more than 118 students enrolled, but only 118 would be permitted on site at one time. Therefore staff is recommending that condition 1.g. be revised and clarified as follows:

1. To the owner's agreement to restrict the use of the subject property as follows:
  - g. No more than a total of 17 staff and 118 children shall be enrolled during weekdays and/or Saturdays until such time review and approval for more occupancy has been obtained from Fulton County Health & Wellness, then a total enrollment of up to the quantity specified in conditions 1.b, 1.c, and 1.d. may be utilized.

***CMO (City Manager's Office) Recommendation:***

APPROVAL of a revision to the conditions of U09-001/U09-002/U09-007 5855 Riverside Drive, approved by the City of Sandy Springs Mayor and City Council.

***Background:***

The Mayor and City Council approved the use permit petitions to add a 2,000 square foot addition to the existing church, to expand enrollment in the existing private school, and to establish a day care facility on the site at the July 21, 2009 hearing, subject to conditions.

***Discussion:***

Condition 1.g. addressed comments from the Fulton County Department of Health and Wellness relating to the capacity of the septic system located on the subject property. Based on the existing septic system, the Department of Health and Wellness provided a limitation on the number of staff and students that could be present on the site at any given time.

Staff's condition, as presented, limited the school enrollment on the property in the aggregate, not allowing for the maximum number of students on any day of the week. This would limit the school to a maximum enrollment of 118 students, while the Department of Health and Wellness's intent was to allow for a maximum of 118 students on site at any one time. As such, the school could have more than 118 students enrolled, but only 118 would be permitted on site at one time. Therefore staff is recommending that condition 1.g. be revised and clarified as follows:

1. To the owner's agreement to restrict the use of the subject property as follows:
  - g. No more than a total of 17 staff and 118 children shall be enrolled during weekdays and Saturdays until such time review and approval for more occupancy has been obtained from Fulton County Health & Wellness, then a total enrollment of up to the quantity specified in conditions 1.b, 1.c, and 1.d. may be utilized.
